SUMMARY

Full Stack Software Developer with Expertise in Front-End and Back End Development, Experienced in Genesys Cloud IVR Framework and API Integrations

TECHNICAL SKILLS

- **Programming Language** - Java, C/C++ , Python
- **Front End Development** - HTML,CSS,Javascript,React.js,Next.js
- **Middleware** - Node Js, ExpressJs, REST API
- **Database** - MySQL, PostgreSQL,MongoDB
- **AWS** - IAM,S3, Route, Cloudwatch, Amazon Dynamo,Lambda,EC2 Instance
- **Genesys Cloud** - Architect IVR, Queue, Divisions, Integration OAuth

EXPERIENCE

Software Engineer – Skylux Telelink Pvt Ltd | Nov 2023 – July 2024

- Engineered a robust API in Express and Node.js enabling seamless data retrieval from a PostgreSQL database leading to a 25% reduction in front end loading time and improved user experience.
- Engineered Team Chat Bots utilizing JavaScript, Node.js and Internal API of Zoom to automate the Integration between Zoom and Genesys Cloud to Interact with Agents with the concept of ACD Routing

Java Full Stack Development Trainee - KodNest Technologies Bengaluru | June 2023 – Sept 2023 [\[Certification\]](#)

- Proficiently Managed Java Programming for Core Knowledge of Object Oriented Programming and Learnt the Core Concepts for Developing Backend
- Proficient in Building Website in frontend and as well as managed programming for database and websites using Node.js and Express.js

PROJECTS

- **Food Delivery Website Using ReactJs** - [\[Link\]](#)

Tech Stack - HTML,CSS,JavaScript, Nodejs, ReactJS, MongoDB and REST API

This project is a food delivery website with features such as user authentication, shopping cart functionality, order placement, and administration panel for managing orders and food items.

- **Blogger Website Using NextJS** - [\[Link\]](#)

Tech Stack - HTML, CSS, Javascript, Nodejs, Next Js, MongoDB,Tailwind CSS , REST API

In this website or web app it will display the blog post. having an admin panel / admin dashboard using Next js to upload and manage our blog post. also the Backend for our APIs. Using these Backend API we can save the blog post on our MongoDB database.

CERTIFICATION

- Oracle Cloud Infrastructure 2024 Generative AI Professional Certified
- Certification In JavaScript Essentials By Cisco
- Certification In React Front End Developer Role By HackerRank
- Certification In REST API [Intermediate] Certification By HackerRank
- Certification In JavaScript By HackerRank

EDUCATION

- **Biluru Gurubasava Mahaswamiji Institute of Technology** | Bachelor of Engineering | Computer Science and Engineering | 2019- 2023 | 7.63 CGPA
- **BLDEA's TGP Science PU College Jamkhadi** | Class XII | Science (PCMB) | 2018-2019
- **Adarsha Vidyalaya RMSA School Jamkhadi** | Class X | 2017-2019
